Attached are my edits. In addition, I note the list of tasks doesn't match the draft MOU, they should be reconciled, especially if they are planned to go together.

Mike and Mike - Attached is a draft schedule we developed for the 404/10 permitting at the request of Jerry Meral. Please take a look and let me know if you see any fatal flaws in the schedule. I'm thinking this will be similar (or the same) schedule that we will use for the MOU. I was supposed to have this done last Friday, so if you could get back to me in the next couple of days that would be great. Keep in mind that this is a draft and of course schedules may change as we go along. Also, please keep confidential for now.

Thanks, Cassandra
